

Meeting Actions

HS2 Old Oak Common residents meeting with Mark Wild

Meeting date	Monday 16 March 2026
Meeting location	Old Oak House and On Teams
Meeting time	3.30pm – 5.15pm

Item	Action	Update
Old Oak Common Lane closure		
1	Send evidence for the need for double-decker buses to access the station. How many people are going to leave the Old Oak Common Station to get buses to East Acton? What modelling has been completed to show this?	
2	Share full details of community support package for the closure of Old Oak Common Lane with residents for feedback 18 months prior to start of the closure.	
Transport		
3	HS2, TfL and BBVS to improve mitigations around travel provisions on Old Oak Common Lane for vulnerable Wells House Road residents.	
4	HS2, BBVS and Ealing Council to review and report back on virtual bays, geo fencing, and storage options for Lime and Forest bikes in the area.	
Mitigations and compensation		
5	Review baseline data for air quality and noise.	
6	Share list of other mitigations and community support packages being offered to communities along the line of the HS2 route.	

Item	Action	Update
7	Review and report back on mental health support for communities during construction works (e.g. independent survey).	
8	Review and report back on the request for access to independent surveyors, independent engineers, legal advice and mental health support.	
9	Put in place a staff behaviour and education programme when leaving the site. Linked to this, review an anonymised reporting process for residents to report inappropriate and/or intimidating behaviour from staff.	
10	Share 'official' duty of care statement to community.	
Community engagement		
11	Send list of measures to improve community engagement in the area including better coordination across organisations	
12	Send list of measures for review on improvements to the quality of community engagement meetings.	
13	Revisit recording and publishing community meetings.	
14	Provide full anonymised data around small claims (including settlements and rejections).	
15	HS2 to respond to root cause analysis request by residents.	
16	Investigate tree cutting on Victoria Road and provide full response.	Investigation carried out and response sent on 25 March.
